Why Varese ?

A Hub for Technical Textiles & Apparel

Located in the heart of Northern Italy, Varese is a strategic hub for technical textiles, bringing together specialized companies, industrial know-how and innovation across the entire textile value chain.

Source: Processing by Confindustria Varese Research Centre based on ISTAT-ASIA data

Key figures

140 companies active in Technical Textiles & Apparel

1,093 employees in the sector

10.6% of the local textile supply chain dedicated to technical textiles

A complete industrial ecosystem

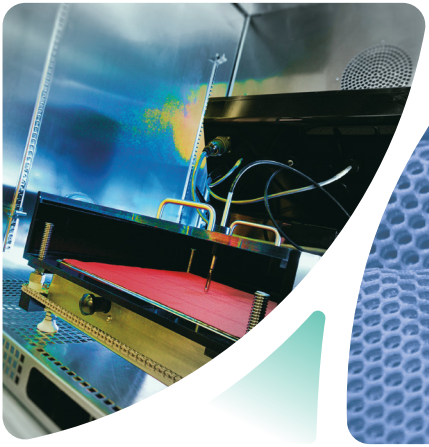
Companies in the Varese area operate across the entire textile production chain:

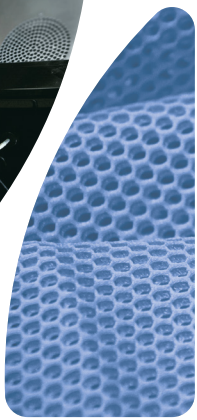
- Spinning and yarn preparation
- Knitting and woven fabrics
- Technical textiles and nonwovens
- Textile finishing and processing
- Technical apparel and sportswear
- Textile machinery and advanced manufacturing technologies

Applications of technical textiles

Technical textiles developed in the region support a wide range of industries:

- Automotive
- Aerospace
- Medical & healthcare
- Protective workwear
- Sports and performance apparel
- Advanced industrial applications





Varese offers a dynamic industrial environment where innovation, manufacturing excellence and specialized expertise drive the future of technical textiles.
